Serial Nos. 1 W

Part B for March 35

SUBJECT.

Proposal to treat Mr J.P. David, Junior Inspector of Mines, as Superintendent Geologist until his appointment in the Mines Department

WD 01965—GPB—15,000—8-7-34

1/4/35

General and Revenue Secretariat | Geol File No. 4-8 of 193 6 | App. F. III—2

Serial No. 1

From the chief Inspector of Mines & Geologist No 812 dated 25-10-34

Recommend that the services of Mr. J. P. David, Junior Inspector of Mines (Provisional) may be treated as continuous with effect from 8-9-1920 when he was first entertained as Probationer in the Geological Department & his appointment as a substantive one as a special case.

Submd.

1. The comptroller wants to know whether Mr. David is holding any substantive appointment prior to his transfer to the present post.

2 In 1920, there were four permanent vacancies of Sub-Assistant-Geologists in the Geological Department. Mr. David, among others, was appointed as a Probationer on Rs 75/- P.M. for two years from 8/9/20. with the direction that he might be confirmed as Sub-Asst. Geologist in the Grade of Rs 125- 25/2 - 250 on completion of the period of Probation (vide G.O. No-G. S-303-7/ Geol 60-19-4 dated 6/7/20).

3 Mr. David was sent to the

NOTE—Contn. Sheet.

Iron works for being trained under Mr. Morris, Mining Engrl. utilised for Geol. field Survey for a period of six months from 8/11/21, his salary Rs 757- plus batta Rs 157- being debited to the budget of the Geological dept. (vide f.o. no 9-C-3023-5-9-W.7-21-27(a) dated 22/11/21) His period of training was extended till 8/9/22 by the then Govt of Berar and mines.

4 certain retrenchment were effected in the Geol department. Accordingly 4 posts of Sub-Assistant Geologists & 4 Probationers were retrenched (vide f.o. no 9-C-976-1033/Geol 19-22-1 dated 9/8/22) According to this order, Mr David, the then Probationer had no place in the Geol depall from 8/9/22. But later, in their order no 2776-80/Geol 19-22-14 dated 27/10/22 as a special case directed that Mr. David may be continued to be employed in the Iron works & his salary be debited to the Iron works Budget & that his future position will be decided later on.

From 8/9/22 to 10/4/1930 Mr. David remained in the Iron works

Serial No.

as "Special Assistant". on Rs 125-250-250. with a duty allowance of Rs 50/- P.M.
(vide F.O. No F.C. 5-147-9/ F.W. 50-22-9 dated 17/2/23 & No F.C. No 3092-3/ F.W. 39-23-2 dated 6/11/23)

T

X

Rs F.O No D) 445-8-7/ Genl 10529-8 dated 28/10/30. Mr. David was suspended from the Iron works to the department of mines & Explosives as Junior Inspector (Provisional) on Rs 225- in the grade of Rs 125- 25/2 - 250 as the post in the works was abolished.

F.O No 7623-5/Genl 105-29-15 dated 20/11/31

7 As regards his claim in the first series, it was decided by Govt in Appeal "that he holds no place in the Genl deptt in accordance with F.O dated 9/8/22. & that he has to be considered as an employee of the Iron works".

H
F.W. 50-22-19.

V

His period of service in the Iron works from 8/9/22 to 10/4/30 will not count as qualifying service, Balance of his service in the Genl deptt & his service in the mines deptt from 10/11/28 to

as he had no claim in the Genl deptt. as required under Article 378 M.S.R..

8 But under Articles 269 (2), M.S.R. 271 & 272 M.S.R, the interruption in the service [may be condoned by Govt not exceeding

NOTE—Contn. Sheet.

4 2151

File No. of 193 General and Revenue Secretariat

2 months, as he and David was transferred to the Iron Works under the orders of Govt. The total difference in his period of interruption is 7 years, 2 months & 2 days from 8/9/22 to 10/11/30 under Article 271 & 272 M.S.R. Govt. can condone it if the period does not exceed 12 months and there is seems to be no provision in the M.S.R. to for condoning the rest.

2. Under Article 269 (d) M.S.R. his past service in the Govt dept. from 8-9-20 to 8-9-22 may (Council) to be his service does not seem to be continuous as stated by the Chief Inspector. But the recommendation has been submitted for a special consideration. The Fin. Secy has to be consulted.

Submitted for orders. Attention is invited

have been passed. the When he was not holding any Substantive appointment and there was no intention of treating him as a Substantive then, he cannot now be treated as having held a Substantive post as a Supernumerary

Sd/-

16 It does not appear to be correct to say that no reference has been made by the Director of Geology indicating his intention to give Mr. David a lien on any post in his department during the period he was employed in the Iron Works.

17 In his letter dated 28.10.1921, the Director Mr. Jayaram wrote to Govt that he liked to retain the Services of Mr. David in the Geological department though he had no objection to his services being lent and seconded after his confirmation in the department.

18 Dr Smeeth re-iterated the same idea in his unofficial note dated 1.9.1922 by saying that it would be proper to confirm Mr. David as Sub Assistant Geologist at the end of his probation and transfer him to the Iron Mines temporarily pending developments.

19 The Secretary to the Board of Management of the Iron Works has also made the same point clear in two of his communications addressed to Govt. In the first of these dated 29.5.1923, he stated that the Board

P

A

B

Serial No.

had no objection to the increment being given to Mr David from the date of his confirmation in the Geological department - provided however that the Board should be at liberty to re-place his services at the disposal of that department should it be found necessary to do so.

H 2. In his second letter dated 7-8-1923, he added that Mr. David had been promised confirmation as Sub Asstt. Geologist and that the question had to be decided in consultation with the Geological department. But so far as the Iron Works were concerned, he should be considered as a Lent Officer to be reverted to the Geological department when his services were no longer required.

3. If the Govt. did not pass specific orders at the time fixing the lien of Mr. David in the Geological department, it was probably because the question of reverting him from the Iron Mines was not pressed home as there was no necessity to do so. This is clear from two minutes of the then Dewan Sir Albion Banerji. In

C the first of these dated 7.6.1923, he recorded that the question did not arise for decision then; and in the second

D dated 22.8.1923, he added that, in case the Iron Works decided to dispense with his services, Govt should be informed beforehand in order probably to enable them to fix him up in the Geological department.

4. From the above, it is clear that it was all along the intention to treat Mr David as a substantive but a supernumerary officer of that department.

24 My opinion dated 28th December 1934 still stands. Whatever may have been the intention in the first instance, the position changed completely when retrenchments were ordered in the Geological Department and the Probationers discharged. If it was desired to give Mr. David a permanent appointment in the Geological Department, this question should have been raised and sanctioned (when vacancies occurred or otherwise) subsequent to 29th August 1923. In the absence of such an order, it can only be said that there was no idea of treating him as a substantive officer of Government during his employment in the Iron Works, though Government might have intended to provide him with a job under Government if and when he ceased to work in the Iron Works. It is not financially correct or desirable to treat him as a substantive officer, from the commencement of his services, particularly in the absence of a specific vacancy or to treat him now as a supernumerary permanent officer.

13

Subject:—

Representation of Mr. J.P. David, Junior Inspector of Mines about his service in the Geological Department being treated as substantive.

Mr. J.P. David who is now a Junior Inspector of Mines was first appointed as a Probationer in the Geological Department in September 1920 along with three other candidates and it was directed in the order of appointment that, on completion of the period of probation, they should all be confirmed as Sub Assistant Geologists in the grade Rs.125-25/2-250. Mr. David having been found best fitted for Mining work, he was posted for training to the Iron Mines in November 1921, his salary and batta being allowe to be drawn from the budget of the Geological Department.

A general retrenchment was ordered in the Geological Department in August 1922 including the abolition of the four Probationers' places. Notices of discharge were accordingly given to three of the Probationers, but on the recommendation of the Director of Geology, Government directed the retention of the services of Mr. David in connection with the Iron Mines and it was ordered that his salary should be debited to the Iron Works Budget and that his future position would be decided later on.

In February 1923, Mr. David was appointed special Assistant Mysore Iron Mines, and given the same grade pay as that of Sub Assistant Geologist, namely, Rs.125-25/2-250 with a duty allowance of Rs.50 per mensem and his salary was ordered to be met from savings under establishment in the Iron Mines.

In August 1923, the Secretary to the Board of Management of the Mysore Iron Works raised the question of replacing the services of Mr. David at the disposal of the Geological Department should it be found necessary to do so with a view to carry out retrenchment in the Mining staff of the Iron Works. But Governmen replied that they might be informed well beforehand in case it was

(14

decided to dispense with his services in the Iron Works.

Mr. David continued in the Iron Works till November 1930 when he was transferred to the Department of Mines and Explosives on a salary of Rs.225 which he was drawing at the time and he has since been allowed to draw Rs.250 per mensem with effect from 10th November 1932.

The Comptroller to Government has now raised the question as to whether Mr. David had been holding any substantive appointment under Government prior to his being appointed to the present post and the Chief Inspector of Mines and Explosives to whom the Comptroller's communication was addressed has recommended that, as Mr. David's service under Government has been continuous since 8th September 1920 his appointment from that date may be treated as a substantive one as a special case.

R

The Financial Secretary to whom the question was referred for opinion is not in favour of sanctioning the above recommendation to treat Mr.David as a substantive officer of Government from the commencement of his service in the absence of a specific vacancy, though Government might have intended to provide him with a job under Government if and when he ceased to work in the Iron Mines.

Page 8 of Office Note

My opinion on the subject is contained in the following minute recorded under date 24th January 1935:-

Page 9

"On a perusal of the papers re. the allocation of officers after the retrenchment orders of 1922, it appears to be clear that the intention of the then Director Mr. Jayaram as well as of Dr.Smeeth and the Government was to continue Mr.David as a permanent officer of the Geological Department, (vide para 3 of Director's letter No 218 dated 12th August 1922; Dr.Smeeth's un-official note dated 1st September 1922, page 3, and the then First Member's Final Note dated 29th September 1922, para 4). He was kept on in the Iron Mines and when vacancies occurred later in the Geological Department, other men were appointed (Mr.S.Lakshmana Rao and Mr. T.P. Krishnachar) as Sub Assistant Geologists, apparently overlooking the case of Mr. David. This officer is reported on all hands to have done excellent work. It appears to me that the recommendation of the Chief Inspector of Mines that he be treated as having held a substantive post in the Geological Department (as supernumerary Sub Assistant Geologist) until his appointment to the Mines Department may be sanctioned".

S J G

The matter was considered in Council on the 1st instant when it was resolved that the proposal to treat Mr. David as having held

Page 11 of Office Note

15

a substantive post in the Geological Department as supernumerary Sub Assistant Geologist until his appointment to the Mines Department might be approved.

I solicit His Highness' gracious approval to the above resolution of the Council.

Bangalore,

DEVELOPMENT BRANCH

FROM

C. E. SURYANARAYANA RAU, ESQ., MEM., A.I.M.E., ETC.
Chief Inspector of Mines and Explosives in Mysore.

To

M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of His Highness
the Maharaja of Mysore, Development Department,
B a n g a l o r e.

Sir,

In enclosing herewith, copy of letter No.119 GAD dated 6th October 1934 from the Comptroller re: the services of Mr. J. P. David, Junior Inspector of Mines, I have the honour to forward, herewith, copy of representation submitted by Mr. David in this connection.

It will be seen from his application that ever since he was appointed as a Probationer in the Geological Department in September 1920 Mr. David has continuously served in the Geological Department, Mysore Iron Mines and lastly this Department. As stated in para "3" of his application, the Government have ordered in their No.I.C.2776-80/Geol. (119)-22-(14)2 dated 27th October 1922 that his services be retained in connection with the Mysore Iron Works and that his position would be decided later on. Mr. David has clearly stated the sequence of his services in his representation.

As the Government in their order No.I.C.2776-80/Geol. (119-22-14) dated 27-10-1922 directed that Mr. David may be retained in connection with the Mysore Iron Works and that his future would be decided later on and as his service under Government in one capacity or another has been continuous since 8-9-1920 when he was first entertained as Probationer in the Geological Department, I strongly recommend that his service from that date may be treated as continuous and his appointment

as

as a substantive one as a special case.

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

C E Srinivasaraghavachar

Chief Inspector of Mines &
Explosives in Mysore.

M.S.

Letter No. 119/GAD dated 6th October 1934 from the Comptroller to the Government of Mysore to the Chief Inspector of Mines and Explosives in Mysore, Oorgaum, Kolar Gold Field.

I have the honour to request that you will be so good as to intimate to this office early whether Mr. J.P. David now Junior Inspector of Mines (Provisional) is holding any substantive appointment under Government prior to his being posted to the present appointment.

"Copy"

C E S Rao

Chief Inspector of Mines &
Explosives in Mysore.

R.S. 25/10/34.

Dated Oorgaum. 11.OCT.1934

To

The Chief Inspector of Mines & Explosives

in Mysore,

Oorgaum, K.G.F.

Sir,

I beg to submit herewith a brief history of my service under the Mysore Government with reference to letter No. 119/GAD. dated 6th October 1934 from the Comptroller, for favour of the needful.

1. I was appointed as a Probationer in the Geological Department from 8th September 1920 as per Government Proceedings No.G.5303--7/Geol.60-19-4 dated 6th September 1920.

2. Government ordered me six months training in the Mysore Iron Mines from 8th November 1921, vide G.O.No.I.C. 3023-5/I.M.7-21-27 dated 22nd November 1921, and at the request of Dr. Smeeth, Director of Mines & Geology, the training was continued till 8th September 1922.

3. The services of all the Geological Probationers were dispensed with on account of retrenchment of superior staff in the Geological Department but mine were ordered by Government to be retained in the Mysore Iron Mines from 8th September 1922 - vide para 4 of their Government Order No. I.C.2776-80/Geol (119)-22-(1) dated 27th October 1922 which reads as follows:-

> "Government are pleased to direct that
> "the services of Mr. David be retained
> "in connection with the Mysore Iron Mines
> "and his salary be debited to the iron
> "works budget. His future position will
> "be decided later on."

In this connection the following is the extract from the letter camp No.425 of 20th October 1922 from the Director of Mines & Geology:-

> "Under the circumstances, I presume
> "that you will elect to remain with
> "us until something further is decided.
> "I hope you will do so.

4. As there was already an Assistant Superintendent, Mysore Iron Mines, I was designated "Special Assistant", Mysore Iron Mines, with the salary of a sub Assistant Geologist viz: Rs.125-25/2-250 per month with a duty allowance of Rs.50/- (Reference G.O.No. I.C.

C E David

5147-9/I.W.50-22-9 dated Bangalore 17th February 1923) and I drew the salary in the above grade from 8th September 1922 (Reference G.O.No.I.C. 3092-3/I.W.39-23-2 dated Bangalore 6th November 1923). The Comptroller in his letter dated 8th September 1924 authorised me to draw salary at the rate of Rs.150/- per month with a duty allowance of Rs.50/- with effedt from 8th September 1924 (i.e. the first increment as per grade) under Government Order No.I.C.5147-9/ I.W. 50-22-9 dated 17-2-1923.

Regarding my lien on Government the following is the extract from letter No. I.C. 989 dated 29th August 1923 from the Secretary to Government, General Department, to the Secretary to the Board of Management, Mysore Iron Mines:-

> "In regard to your proposal to be allowed "to replace the services of Mr.David "at the disposal of the Geological Depart- "ment, should it be found necessary to do "so in order to carry out retrenchment in "the mining staff, I am to state that Mr. "David holds no place in the Geological "Department in accordance with G.O. No. "I.C.974-1033/Geol. dated the 9th August "1922, reducing the superior staff of the "Department. He has to be considered only "as an employee of the Mysore Iron Mines. "I am, however, to add that Government may "kindly be informed well before-hand in "case it is decided to dispense with his "services."

On 21-9-1926, I wrote to the Comptroller to send me the usual increment slip authorising me to draw the 2nd increment of Rs.25/- that I was entitled to from 8th September 1926 to which I received the following reply:-

> "..... regarding increment due "to you, I have the honour to state that "as you have no lien on any appointment "under Government and as your services "were retained only in connection with "the Iron Mines - vide G.O. No.2776-80/ "Geol.19-22-11 dated 27th October 1922- " you may address the Chief Accountant, "Mysore Iron Works for any increment "due to you."

Accordingly I applied to the Chief Accountant, Mysore Iron Works, as a result of which in September 1927 my salary was consolidated at Rs.225/- a month and in September 1928 I was given an increment of Rs. 25/-

C E S Rao

6

5. I continued to draw Rs.250/- a month till 10th November 1930 when I was transferred to the Department of Mines and Explosives, Kolar Gold Field on Rs.225/- a month as per Government Order No. D.4455-7/Geol. 105-19-8 dated Bangalore 28th October 1930 where I reported myself for duty on 10th November 1930. The Comptroller sent me a pay slip No.61/GAD. dated 16th November 1932 authorising me draw Rs.250/- a month from 10th November 1932.

It will be seen from the above that I have worked without break of service ever since I was appointed as a Probationer in the Geological Department on 8th September 1920. Under the above circumstances, I request you to kindly move Government to treat my case as a special one although no substantive appointment was held by me so long as my services were placed at the disposal of the Mysore Iron Works.

I beg to remain,

Sir,

Your most obedient servant,

Sd/-. J. P. David,

JUNIOR INSPECTOR OF MINES.

Proceedings of the Government of H.H. the Maharaja of Mysore.

R e a d:-

G.O.No.G.5303-7/Geol.60-19-4 dated 6.9.1920, sanctioning the appointment of Mr. J.P. David, B.Sc., and 3 others as Probationers in the Geological Deptt. and directing that they should all be confirmed as sub-Assistant Geologists in the grade of Rs.125-25/2-250 on the completion of the period of probation.

2. G.O.No.J.C.3023-5/I.T.7-21-27 (a) dated 22.4.1921, sanctioning the proposal of the Director of Geology to send Mr. David for being trained in the Iron mines for a period of six months, his salary and batta being drawn from the budget of the Geological Department.

3. G.O.No.I.C.974-1033/Geol. 19.22.1 dated 9.8.1922, directing the ~~retirement~~ retrenchment of the four appointments of Geological Probationers sanctioned in the first order read above.

4. G.O.No.2776-80/Geol.19-22-14 dated 27.10.1922 directing that the services of Mr. David, Probationer, be retained in connection with the Iron Mines, his salary being debited to the Iron Works Budget and his future position being decided later on.

5. G.O.No.I.C.5147-9/I.M. 50-22-9 dated 17.2.1923, directing that Mr. David be designated as "Special Assistant, Mysore Iron Mines and given the same grade pay as that of a Sub-Assistant Geologist viz., Rs.125-25/2-250/- with a duty allowance of Rs.50/- per mensem his salary being met from savings under establishment in the Iron Works Budget.

6. G.O.No.D.4455-7/Geol.105-29-S dated 28.10.30 sanctioning the appointment of Mr. D. David to the vacant post of Junior Inspector in the Department of Mines and Explosives on a pay of Rs.225/- in the grade of Rs.125-25/2-250/-.

7. Letter No.812 dated 25.10.1934, from the Chief Inspector of Mines and Explosives, forwarding with his opinion a copy of letter No.119 GAD. dated 6.10.1934, from the Comptroller to Government and a representation dated 11.10.1934 received from Mr. David regarding the nature of the appointment held by him prior to his being posted to the Department of Mines and Explosives.

ORDER NO.

Dated, 1935.

From a perusal of the papers, it is seen that it was all along the intention of Government to continue Mr. David as a permanent Officer of the Geological Deptt He was kept on in the Iron Works and his claim for a substantive post was apparently overlooked when vacancies occurred in the Geological Department. The Chief Inspector of Mines and Explosives recommends after an examination of the -- previous history of the case that Mr. David might be treated as having held a substantive post in the Geological Deptt. as supernumerary Sub-Assistant Geologist from 8.9.1920 until his appointment to the Department of Mines and Explosives and Government are pleased to sanction this recommendation.
